

THE *Beauty of Art* ENGINEERING

We've used traditional craftsmanship & contemporary engineering to create a modern corkscrew design that's a pleasure to hold and simple to use.

Made from stainless steel and ebony, each corkscrew is ergonomically designed to fit perfectly into the hand, making it easy to lift and smoothly remove any type of cork.

So whatever the occasion, whatever the celebration, you can rely on our range of stylish and tactile tools to enhance your wine drinking experience.

Using your bottle stopper

Your Avina locking wine bottle stopper is an innovative way to keep wine fresh

- Airtight seal for preserving wine
- A simple to use lift and release system
- Completely leak-proof, even when bottles are laying flat

Branding services

We specialize in providing businesses with tailor made and branded wine accessories. Increase your customers average order value, profit per sale, and your brand equity.
